WAITING FOR TUESDAY

SPECULATORS BELIEVE A REVIVAL WILL FOLLOW THE ELECTION.

Generally Firm Tone to Business on New York Exchange-Indianapolis Markets Are Dull.

At New York, yesterday, money on call was easy at 1 per cent Prime mercantile paper, 2%@3 per cent. Sterling exchange was steady to firm, with

days; posted rates, \$4.87%@4.88 and \$4.88%@ 4.89; commercial bills, \$4.85\\@4.85\. Silver certificates, 63%c. Bar silver closed at 63%c per ounce; Mexican dollars, 51c. At

actual business in bankers' bills at \$4.87%@ 4.88 for demand and \$4.86%, @4.87 for sixty

London, 29 3-16d. Total sales of stocks, 123,000 shares, including the following: American Sugar, 23,-100; Burlington, 8,400; Chicago Gas, 4,700; Manhattan, 3,500; New Jersey Central, 4,400; Distilling, 2,100; Northwestern, 16,200; Pacific Mail, 5,900; Reading, 7,600; Rock Island, 3,-900; St. Paul, 12,200; Western Union, 2,900.

The share speculation was characterized by a generally stronger tone yesterday, but the volume of business on New York 'Change was light and there were periods of extreme duliness. Among the causes which led to the strength of the market was the firmness of the London and continental 'Changes, showing that the death of the Czar was not looked on as likely to disturb the balance of the powers of Europe. Another influence was also at work. Wall street always discounts the future, and there has apparently begun a discounting of the result of next Tuesday's elections, which it seems to be taken for granted will bring forth a general trade revival. Of the resulting appreciation of speculative values the professional operators are disposed to place themselves in position to take all advantage. Consequently they are now acquiring lines of stocks which they possible expect to unload on the outside public when, as is believed, it will come in, lamb like, after the elections, on the cautiously manufactured sen-timent that an era of general prosperity

At the opening of business, yesterday, firm tone prevailed and prices advanced, the coal stocks leading in the improvement. There was but one notable excepion, Sugar, which declined 1 per cent. 85%, but quickly recovered the loss. The rallway list was well held, but, except for a few specialties, made no important improvement until-late in the afternoon, when a reaction set in, which was only of brief duration, and the greater portion of which was recovered in the final transactions. The market closed firm at a very general advance on the day of 461% in the active list. In the specialties Alton & Terre Haute was bid up 10 per cent.; Alton & Terre Haute was common sold up 6%. New York, New Haven & Hartford 8%. Susquehanna & Western 2 per cent. New Jersey Central declined %. Cotton Oll preferred and Reading % and

Sugar 1/2 per cent. Speculation in the bond market was active and strong, the declings for the day aggregating \$1,408,000. A transaction of some note was the sale of a block of \$108,000 Minnesota & St. Louis firsts, Pacific extersion, at 1161/2, against 116 regular last week. Brooklyn Elevated firsts declined 51/2 to 82, and rallied to 85. Union Elevated firsts receded 41/2 to 80, and recovered to 83. Furlington extension fives advanced 11/2 and lost lington extension fives advanced 1½ and lost the improvement. Advances on the day were made as follows: Ohio & Mississippi second sevens, Rochester & Pittsburg firsts and Northwest gold sevens, registered, 2½; Northwest coupons, 1¼; Union Pacific firsts, of 1897, Wabash firsts, Detroit & Chicago extension and Wheeling & Lake Erie firsts, Wheeling division, 1. Declines—New Jersey Central fives, registered, 3; Northwest sinking fund fives, registered, Illinois Central fives of 1896 and Colorado Midland firsts, 1. Government bonds were firm, State bonds Government bonds were firm, State bonds dull and railroad bonds were strong. The following table, prepared by James E. Berry, Room 16, Board of Trade, shows

LOCAL GRAIN AND PRODUCE.

Little Improvement in the Local Situ-

ation with Few Fluctuations. The local business situation does not improve much although it is all, perhaps, that can be expected under existing conditions. Wholesale grocers report a fair volume of business, but collections are not satisfactory and must be watched closely. The new crop of molasses is coming in. It is stated that the output in Louisiana this year is the largest in many years. Provisions are weak at quotations, demand for hog products not large and retail men gursuing a hand-to-mouth policy in purchasing. The market for Irish potatoes has not panned out as was expected. Instead of an improvement in prices as the winter approaches prices are now lower than a month ago and the commission men are working hard to hold even the present prices. Cheese and butter are in unusually large supply owing to the mildness of October weather. Both Florida and Callfornia have a large crop of oranges coming and low prices are indicated. Some very good Fiorida stock is already on the market. Trade with the dry goods houses and boot and shoe men is quiet for the The local grain market is dull and bidding on 'Change spiritless except for certain

grades of corn. Track bids yesterday ruled

Wheat-No. 2 red, 49c; No. 3 red, 44c;

DUN & CO. REPORTS BUSINESS IS LESS THAN LAST YEAR.

Bradstreet Notes a Favorable Increase in October Bank Clearings, but General Trade Very Low.

NEW YORK, Nov. 2.-R. G. Dun & Co.'s

weekly review of trade, which issues tomorrow, will say: The last week of October, with an exciting election near, cannot indicate much of the true condition of business. In some trades the season is too far advanced for great activity, and in others the supposed effects of the voting hinder operations. But it is satisfactory that the volume of production is well maintained, and in one or two branches increased; that no momentary difficulties disturb; that breadstuffs as a little higher, and that no material decline appears during the week in manufactured products. At present the volume of business transacted is on the whole smaller than last year, and much smaller than in 1892, although a presidential election was then close at hand. Corn has advanced 4 cents, with Western receipts about a third and exports about an eighth of last year's. Pork and hogs are a shade lower, with ard about the same. Wheat is %c higher for spot and 1 cent for December, and i looks as if strength in corn had prevented a further decline, although Western receipts were only 4,587,670 bushels for the week, against 6,503,171 bushels last year, and Atlantic exports increased to 698,566 bushels, against 740,506 last year. The irresistible force is, of course, an enormous accumulation, which continues, although producers may naturally be inclined not to sell at current prices. Cotton is again lower, spot being 5.75c, with receipts so heavy that large crop estimates are favored, though it makes little difference in the real prospect whether the yield is a half million or a million bales greater than the world's requirements, with great stocks of old cotton in sight. The depression of cotton and wheat and the partial loss of the corn crop must be reckoned important causes of hesitancy in retail distribution of products. In the iron industry the chief activity is in structural work, bridge and other plates. While the demand for sheets is somewhat diminished, bar and wire show no improvement, and nails are weaker. The average of quotations for various kirds of iron and steel is 3 per cent. lower than in July, 6.5 per cent. higher than at the lowest point in April and 20 per cent. lower than in July last year. A conference of steel rail makers resulted in no change of policy, though purchases of English rails by Mr. Huntington for Pacific delivery, and by Canadian roads, indicates that fron makers are losing part of their natural market. Walting for retail trade depresses the textile manufactures and concessions in price have been made to effect large con-tracts. Otherwise the market is generally dull, without indications of improvement. In wools the fall and winter demand is dis appointing, though still fairly large for the season, but the export supplemental orders do not appear and great uncertainty pre-vails as to spring goods. No changes of price are noted. Manufacturers are not disposed to produce in advance of the change Jan. 1, and so are buying only for current needs, and at the West it is com plained that wool goes begging at prices below the parity of similar wool abroad on the scoured basis. At the three Eastern markets sales for the week were 4,004,900 pounds, against 4,458,500 last year, and 7,-During the past week failures have been 249 in the United States, against 358 last year, and fifty in Canada, against twenty-

eight last year. Bradstreet's Weekly Review. NEW YORK, Nov. 2.-Bradstreet's tomorrow will say: General trade continues on conservative lines, there being little farreaching improvement in business circles as compared with a week ago, aside from the settlement of the strike at Fall River. one of the effects of which is expected to be the steadying of prices of cotton fabrics and an inducement of cloth printers to order for the future delivery. There is some encouragement drawn from a firmer market for cheaper grades of shoes, for drugs at leading centers and for hogs at Western markets, due to a decline in receipts, and for fruits on the arrival of

colder weather. Another favorable report is that concerning October bank clearings, which reflect the enlarged fall trade in a total larger than for any month since June, 1893. The aggregate reported for October this year is \$4,228,287,550, an increase over September, 1894, of 21 per cent., and over October last year of more than 63 per cent. Notwithstanding the better demand for lower grades of shoes at New England markets, among which seven cities shipped 100,000 cases this week, against 68,000 in the corresponding week a year ago, quotations for leather have weakened. At Chicago excessive competition from the north results in further cuts in lumber

Sugar is %c lower and Bessemer pig iron and steel billets 15@25c lower, respectively, not withstanding the recent firmness of the former at Pittsburg. Cotton has gone off another 1-16c. This results in a reduction in the number of orders sent from interior points to Southern centers, a closer scrutiny of credits throughout the South and restriction in the volume of trade there, Exports of wheat and flour as wheat both coasts of the United States, amoun to 2,934,000 bushels, against 3,353,000 bushels last week, and as compared with 2,860,000 bushels in the corresponding week a year ago, 3,714,000 bushels two years ago, 3,820,-000 bushels three years ago and with 2,209. 000 in the like week in 1890. Total stock of available wheat, United States and Canada, those afloat for Europe from all sources and held in Europe on Nov. 1, were the largest on record-158,682,000 bushels more than the year before and much heavier when compared with corresponding dates in previous years. The rapidity of shipments of domestic wheat to market is indicated by the net gain of 44,379,000 bushels within four months, the heaviest like increase except in 1892, it being three times larger than from July 1 to Oct. 31, 1893. European stocks and those affoat for Europe have been in the habit of increasing more than 3,000,000 bushels during October in preceding years, but last month they fell off 332,000 bushels net, which bullish fact has more than offset the extraordinary heavy increase on this side.

Vogel Taken to Chicago. Charles H. Vogel, who was arrested here Wednesday night on the strength of a telegram from Chicago, was taken to that city vesterday. He is charged with forging a

FIRM AT THE FINISH

WHEAT RECOVERED FROM DULL-NESS AND CLOSED 1-SC HIGHER.

Prospective Small Increase in the Week's Visible Caused Strength-Provisions Were Lower.

CHICAGO, Nov. 2.-Wheat acted tired the greater part of to-day's session, but was firm at the finish, closing with a gain of 4,c. Diminishing receipts, which are giving rise to the expectations of less than 500,000 bushe's increase in next visible report and considerable inquiry from the United Kingdom for offers caused the continued strength. Corn averaged easier, but closed firm and 4c higher in sympathy with wheat. Provisions were dull and a shade lower and oats closed unchanged.

The wheat market opened rather irregularly over a range of about 4c per bushel, or from 1-16c below to 1/3c above the previous day's closing quotations. It did not jump those limits during the first two hours of the session. With the exception of the rain there was nothing to change the previously prevailing sentiment. The Northwestern receipts were heavier than yesterday, although somewhat smaller than on the corresponding day of the year before. Chicago receipts were light. Foreign markets were firm. The lightness of stocks in England and the poor condition of the farmers' deliveries in both England and France is said to be forcing the millers of those countries to use a large proportion of foreign wheat. St. Louis advised a sale for export of what was called a goodsized line at 1/2c more than was offered for SMALLER VOLUME | sized line at 1/2c more than was offered for it yesterday and 2c over the best obtainable bid earlier in the week. The highest able bid earlier in the week. The highest price for December at the opening was 53%c, and it sold down after that to 52%c. It did not again sell as high as the opening price until within fifteen minutes of the close, when it brought 53%c and a little later it touched 53%c. May, from 58c and 58%c at the start, sold down to 57%c and back again near the close to 58%c. The closing quotations were 53%653%c for December and 58%658%c for May. Closing cables came firm, Berlin reporting a half mark advance and Liverpool %d higher. Exporters here reported a good many cable requests for wheat either spring or red winquests for wheat, either spring or red win-

> Corn was fairly active for about half an hour and then sank into a state of sus-pended animation, which lasted during the greater part of the remainder of the session. The price took a jump of about a half cent per bushel at the opening, and after that, up to within an hour of the close, the tendency was moderately down-ward. The rise at the start was attribu-table to the influence of the rain and the prospect of more wet weather. A good deal of realizing caused the decline. By 12 o'clock May, which had sold partly at 51%c and sparingly at 51%c at the opening was down to 51%c. December, which sold near the opening as high as 52%c, was down to 51%c by noon. The firmness of wheat at the finby noon. The firmness of wheat at the finish caused a reaction and May closed at 51%c and December at 51%c.
>
> Extreme duliness continued to be the only feature of the oats market. The disposition to sell was very scant and outside as well as local orders were equally as

scarce if not more so. Fluctuations were entirely in sympathy with corn. May opened slightly firmer at 32%c, sold off later to 32%c and the close was at 32%c.

The provision market was both heavy and dull. The trade is oppressed with a disand duil. The trade is oppressed with a disquieting feeling of prospective heavy receipts of hogs. Hog receipts were 31,000 and for to-morrow 18,000 are expected. Lard is again undisturbed from its previous day's resting price, but pork is 7½c and ribs

.021/2c cheaper.
Freights—Only a few small lots of grain offered. Rates to Buffalo steady at %c.
Estimates for Saturday—Wheat, 170 cars; corn, 200 cars; oats, 135 cars; hogs, 17,000

 1.00@1.75

 Veals, good to choice
 4.50@5.50

 Veals, common to medium
 3.00@4.00

 Bulls, common to medium
 1.75@2.25
 Bulls, good to choice...... 2.50@3.25 Milkers, good to choice......\$30.00@40.00 Milkers, common to mediun..... 18.00@25.00 Hogs-Receipts, 5,150; shipments, 3,500. The quality was generally good. The market opened weak and lower and closed steady

at the decline, with all sold. Heavy packing and shipping \$4.40@4.671/2 Sheep and Lambs-Receipts, 350; shipments, 450. Good fat lambs found ready

sale at a shade higher prices. All other grades were dull at barely steady prices. All sold at the close.

Good to choice sheep.....\$2.50@2.55 Fair to medium sheep 2.00@2.35 ommon thin sheep...... 1.00@1.75

Elsewhere. CHICAGO, Nov. 2.—The cattle market was quiet. There were many instances where concessions were made, but the general market was without quotable decline. Natives were quoted at \$1@6.25, with sales largely at \$1.75@2.65 for cows and bulls and \$4@6.50 for steers. Western cattle, of which about 4,000 were received, were dull and easy at \$1.75@4.65 and there was a steady market for Texans at \$1.25@3.25. There were about 1,500 of the latter. There was a large supply of hogs for this day of the week and, although the down-town markets were generally higher, the feeing among buyers of hogs was unqualifiedly bearish. Their bids were generally 5@10c CHICAGO, Nov. 2 .- The cattle market ing among buyers of hogs was unqualifiedly bearish. Their bids were generally 5@10c under Thursday's prices and sales showed an average reduction of about 5c. From \$4.75 for prime heavy hogs prices ranged downward to \$4.25@4.35 for common and bought the bulk of hogs. Sheep prices were unchanged to-day, but during this week there has been an advance of 25@40c per 100 ibs. The gain was made possible by the continued moderate receipts. There was not much activity in the demand, the stocks of mutton in the coolers being very large, but prices were advanced to \$1@3.50 for poor to choice sheep and to \$1.75@4.50 for lambs. Receipts—Cattle, 8,000; calves, 300; hogs, 31.000; sheep, 10,000. NEW YORK, Nov. 2.—Beeves-Receipts

NEW YORK, Nov. 2.—Beeves—Receipts, 3,480; on sale, 38 cars; market steady and active. Native steers, fair, \$4,40@4.70 per 100 lbs; ordinary to medium, \$3.60@4.30; common, \$3.25@3.55; stags and oxen, \$2.25@3.75; bulls, \$2.50@2.75; dry cows, \$1.20@2.42½. European cables quote American steers at 9@11c per lb dressed weights; refrigerator beef at 7@9c per lb. No exports to-day; to-morrow, 2,100 beeves; 1,300 sheep and 3,664 quarters of beef.

Calves—Receipts, 323. Market firm. Veals, poor to prime, \$5@7.75 per 100 lbs; grassers, \$2.25@2.75; Western calves, \$3@4.

THE INDIANAPOLIS

Daily, Sunday AND Weekly

The Journal is first of all a news paper. Its primary object is to publish the news, and to procure this it spares no pains or expense, Besides the service of the Associated Press, which covers foreign countries as well as the entire United States, it has a corps of special correspondents, who give attention to those events and obcurrences that are likely to be of particular interest to the Indiana public.

Washington Bureau

Was established for the purpose of looking after matters in which the State and its people are concerned, and is under the management of a gentleman well acquainte ed with the local business and political issues.

It has a correspondent in every town of importance in the State, and is constantly increasing its facilities for obtaining information from every quarter.

Its staff of city reporters is large, and its local departments are unexcelled. As a newspaper it is far better equipped than any other in the State, and welcomes comparison with its contemporaries in any and all of its departments. With all, it endeavors to be accurate and trustworthy, printing the news, whatever it may be, without personal or partisan bias.

THE SUNDAY

Is a paper that gives more attention to miscellaneous literature than the other editions, and contains in its sixteen, and often twenty, pages a variety of choice reading matter that satisfies the most exacting taste.

The Indiana State **Journal**

(Weekly Edition) is a large 56-column paper, carefully edited, with a special view to the wants of Indiana readers, both in its general and political news. Its subscription price, \$1.00, with reduction to clubs, places it within the reach of all, and no campaign contribution can be so effective as when spent in furnishing this paper to readers who need Republican doo-
